Procedure:

A collage is artwork that is made of a variety of art materials glued onto a surface. In this book report, you will be creating a chapter or scene from the book that you read.

Before you create your collage, you will write a two-paragraph report about your book. This will help you to think of some ideas to illustrate for your collage. Use your “story collage chart” to help you brainstorm the main events and the main characters of the story.

First write a two-paragraph summary about your book. The first paragraph should be written like a paragraph, not a list of information. It should include the title, author, and the number of pages.

In the second paragraph, you will describe the main events of the story and introduce the main characters.

Finally using art supplies (magazines, newspaper clippings, Google images) you will put together a collage based on a character or even a scene in your book. Paste your collage onto a piece of 9x12 construction paper. Be sure to put your name, title, and author of book on the collage.
